## MEETING HIGHLIGHTS OF 1/21

The furnace is almost installed. A couple of things needed to be ordered to complete it. There was some discussion of hiding it, perhaps with a removable screen. Access for maintenance is required, and we don't want to restrict the airflow.

Hosts for February were lined up. We decided to **not** have a dinner before the Valentine's Dance, but have a pie social at about 8:00 o'clock. **Red** pies are suggested for the occasion. Dale emphasized that his favorite is **cherry**.

Did you know that Dale likes **cherry pie**?
